Dynamic control

Stair light controller with dual PIR sensor + double push button (up & down), and daytime detection function. Controls a maximum of 32 steps.

Controlador de iluminación para escaleras con sensor PIR dual, doble pulsador (subir y bajar) y función de detección de luz diurna. Controla hasta 32 escalones.

PIR stair light controller (single color led strip)

Code	VDC IN	VDC OUT	Output current	Output power	Sensitive field	Sensitive angle
85732 <input type="checkbox"/>	5-24VDC	32 x (5-24)VDC	32CH,1A/CH	32 x (5-24)W	≤3m	30° (±10°)

Stair light controller / SPI led scenes + double push button (up & down). Controls speed and brightness. Suitable for multiple ICs.

Controlador de iluminación para escaleras / Escenas LED SPI + doble pulsador (subir y bajar).
Controla la velocidad y el brillo. Compatible con múltiples circuitos integrados.

SPI light controller (RGB or white light led pixel strip)

Code	VDC IN	Input current	Output signal	Pixel number
85769 <input type="checkbox"/>	5-24VDC	15A	2 X SPI(TTL)	Max 960

Stair light controller / SPI led scenes with dual PIR sensor + double push button (up&down), and daylight detection function. Suitable for multiple ICs.

Controlador de iluminación para escaleras / Escenas LED SPI con sensor PIR dual + pulsador doble (subir/bajar) y función de detección de luz diurna.
Compatible con múltiples circuitos integrados.

SPI light controller stairs / scenes (RGB or white light led pixel strip)

Code	VDC IN	Input current	Output signal	Pixel number	Sensitive field	Sensitive angle
85753 <input type="checkbox"/>	5-24VDC	15A	2 X SPI(TTL)	Max 960	≤3m	30° (±10°)

This equipment connects to a DALI bus and allows you to view and control all DALI devices from the CASAMBI APP as if they were CASAMBI devices. Capable of controlling 16/32/64 drivers individually. Supports D4i, DT6 and DT8. Needs an external DALI power supply.

Este equipo se conecta a un bus DALI y permite ver y controlar desde la APP de CASAMBI todos los equipos DALI como si fuesen equipos CASAMBI. Capaz de controlar 16/32/64 drivers de forma individual. Soporta D4i, DT6 y DT8. Necesita fuente de alimentación DALI externa.

Este equipo se conecta a un bus DALI y permite ver y controlar desde la APP de CASAMBI todos los equipos DALI como si fuesen equipos CASAMBI. Capaz de controlar 16/32/64 drivers de forma individual. Soporta D4i, DT6 y DT8. Dispone de fuente DALI Integrada de 130mA. Incorpora reloj en tiempo real con pila para guardar la hora en caso de cortes de alimentación y protección anti-tirones del cableado.

This device connects to a DALI bus, allowing you to monitor and control all DALI units through the CASAMBI APP as if they were native Casambi devices. It is capable of controlling 16/32/64 drivers individually and supports D4i, DT6, and DT8 standards. It features an integrated 130mA DALI power supply. Additionally, it includes a battery-backed real-time clock (RTC) to maintain settings during power outages and built-in cable strain relief.
